[Falbo-Dodez-Gibson]

622.51 Class IV-E: Available for work of national importance; conscientious objector. (a) In Class IV-E shall be placed every registrant who would have been classified in Class I-A but for the fact that he has been found, by reason of religious training and belief, to be conscientiously opposed to participation in war in any form and to be conscientiously opposed to both combatant and noncombatant military service.

(b) Upon being advised by the Director of Selective Service that a registrant who was inducted into the land or naval forces for military service will be discharged because of conscientious objections which make him unadaptable to military service, the local board shall change such registrant's classification and place him in Class IV-E. PART 625—APPEARANCE BEFORE LOCAL BOARD

[Falbo-Dodez-Gibson]

625.1 Opportunity to appear in person. (a) Every registrant, after his classification is determined by the local board (except a classification which is itself determined upon an appearance before the local board under the provisions of this part), shall have an opportunity to appear in person before the member or members of the local board designated for the purpose if he files a written request therefor within 10 days after the local board has mailed a Notice of Classification (Form 57) to him. Such 10-day period may not be extended, except when the local board

finds that the registrant was unable to file such request within such period because of circumstances over which he had no control.

(b) No person other than the registrant may request an opportunity to appear in person before the local board.

(c) If the written request of the registrant to appear in person is filed with the local board within the 10-day period or if it is filed after such 10-day period and the local board finds that the registrant was unable to file such request within such period because of circumstances over which he had no control, the local board shall enter upon the Classification Record (Form 100) the date on which the request was received and the date and time fixed for the registrant to appear and shall promptly mail to the registrant a notice of the time and place fixed for such appearance.

(d) If such a written request of a registrant for an opportunity to appear in person is received after the 10-day period following the mailing of a Notice of Classification (Form 57) to the registrant, the local board, unless it specifically finds that the registrant was unable to file such a request within such period because of circumstances over which he had no control, should advise the registrant, by letter, that the time in which he is permitted to file such a request has expired, and a copy of such letter should be placed in the registrant's file. Under such circumstances, no other record of the disposition of the registrant's request need be made.

625.2 Appearance before local board. (a) At the time and place fixed by the local board, the registrant may appear in person before the member or members of the local board designated for the purpose. The fact that he does appear shall be entered in the proper place on the Classification Record (Form 100). If the registrant does not speak English adequately, he may appear with a person to act as inter-

preter for him. No registrant may be represented before the local board by an attorney.

(b) At any such appearance, the registrant may discuss his classification, may point out the class or classes in which he thinks he should have been placed, and may direct attention to any information in his file which he believes the local board has overlooked or to which he believes it has not given sufficient weight. The registrant may present such further information as he believes will assist the local board in determining his proper classification. Such information shall be in writing or, if oral, shall be summarized in writing and, in either event, shall be placed in the registrant's file. The information furnished should be as concise as possible under the circumstances. The member or members of the local board before whom the registrant appears may impose such limitations upon the time which the registrant may have for his appearance as they deem necessary.

(c) After the registrant has appeared before the member or members of the local board designated for the purpose, the local board shall consider the new information which it receives and shall again classify the registrant in the same manner as if he had never before been classified, provided that if he has been physically examined by the examining physician, the Report of Physical Examination and Induction (Form 221) already in his file shall be used in case his physical or mental condition must be determined in order to complete his classification.

(d) After the registrant has appeared before the member or members of the local board designated for the purpose, the local board, as soon as practicable after it again classifies the registrant, shall mail notice thereof on the Notice of Classification (Form 57) to the registrant and on Classification Advice (Form 59) to the persons entitled to receive such notice or advice on an original classification under the provisions of section 623.61.

(e) Each such classification shall be followed by the same

right of appeal as in the case of an original classification.

REOPENING REGISTRANT'S CLASSIFICATION

[Fallo-Dodez-Gibson]

(b) Each classified registrant shall, within 10 days after it occurs, and any other person should, within 10 days after knowledge thereof, report to the local board in writing any fact that might result in such registrant being placed in a different classification.

(c) The local board shall keep informed of the status of classified registrants. Registrants may be questioned or physically or mentally reexamined, employers may be required to furnish information, police officials or other agencies may be requested to make investigations, and other steps may be taken by the local board to keep currently informed concerning the status of classified registrants.

(b) The armed forces will not accept the results of a preinduction physical examination after 90 days. Therefore, when a registrant's induction will shortly occur and it appears that the date fixed for his induction will be more than 90 days after the date of his preinduction physical

In filling such calls, the local board, as far as practicable, shall first select volunteers, then nonfathers, and finally fathers, and within each group shall make such selections in sequence of order numbers without regard to whether the registrant has requested or will request a personal appearance before the local board and without regard to whether an appeal has been or will be taken.

(c) The local board shall also mail an Order to Report—Preinduction Physical Examination (Form 215) to each registrant classified in Class IV-E when his order number is reached (without regard to whether he has requested or will request a personal appearance before the local board and without regard to whether an appeal has been or will be taken) in the process of ordering Class I-A and Class I-A-O registrants to report for preinduction physical examination under the provisions of paragraph (b) of this section.

(d) The local board may also mail an Order to Report—Preinduction Physical Examination (Form 215) to any registrant (1) who is classified in a class other than Class I-A, Class I-A-O, or Class IV-E, if it determines that his induction will shortly occur, or (2) when directed to do so by the Director of Selective Service or the State Director of Selective Service.
